County Receives \$14,562 for Federal Lands

Crawford County received \$14,562 this year for payments in lieu of taxes (PILT) on 36,547 acres of federal land in the county. PILT is an attempt by the federal government to compensate local governments for the loss of property tax revenues on federal lands. About 245,000 acres of the 360,000 in Crawford County is owned by the state or federal government - giving the county one of the smallest private property tax bases in the state.

Site Plans for \$792,000 Housing Project Approved

Site plans for an 18-unit \$792,000 apartment building designed for elderly persons and persons with low incomes were approved by the Grayling City Council last Monday.

The apartment building - with 8 units for handicapped persons - is scheduled to be built next year near AuSable Acres between Fulton and Lawndale streets.

The Grayling Housing Commission has been working three years on this project. The \$792,000 will be loaned to the Housing Commission from HUD and paid back over 40 years.

Dumb But Lucky

Mio Youths Fool With Tank Explosive

By Jon Thompson

A couple of Mio youths played a game of chance with a high-explosive anti-tank round last Friday and the only losers - this time around - were a few windows at Camp Grayling.

The Mio youths, illegally picking up scrap metal on a military range, found the explosive and carried it to Camp Grayling in the trunk of their car. They left the explosive - capable of injuring persons up to a quarter mile away - on the lawn of the officer's club for camp officials.

An Army Explosive Ordnance Disposal (E.O.D.) team from Detroit detonated it there after they decided it was too dangerous to move. The E.O.D. surrounded it with sandbags but two dozen panes of glass on the officer's club were still broken by the blast.

Camp Grayling Commander J.R. Lippert urged the public to stay out of military ranges and if a piece of military equipment is discovered, leave it alone and notify camp officials. "Not only are people who pick these things up endangering themselves," Lippert said, "but they are endangering a lot of innocent persons using public highways."

Fire Calls Keep County Busy

Six fire calls last week kept county fire and law enforcement officials busy.

An electrical fire started in the wall of the Hellebuyck residence on Old Dam Road west of Grayling. No serious damage was reported to the house after the fire which started about 3:30 p.m. on Tuesday, September 22.

The Crawford County Sheriff Department investigating a fire call Sunday, September 27, discovered a Beaver Creek resident burning an old shed and other junk without a permit.

On Friday morning, about 8:20 a.m., a car fire was reported on West 72 near the AuSable River bridge. A man removed the air cleaner of his car and poured gasoline into the carburetor in an attempt to start the vehicle. A backfire caused a fire but no serious damage was reported.

In other sheriff news, the department responded to five ambulance calls, four personal injury accidents, and seven D.U.I. complaints. The sheriff's dept. handled 93 complaints last week, up from a total of 64 the week before.

Kirtland to Sponsor Art Excursion

National Commander

Marian McMillen To Retire

Marian McMillen of Grayling will retire from State employment on October 10th. She has been employed most recently by the Department of Social Services Office of Child Support and has also been employed in the past by the Department of Natural Resources.

The employees of the Rosecommon Department of Social Services and the Office of Child Support are planning a special retirement party for Mrs. McMillen at the Grayling Holiday Inn on Saturday, October 10th. Anyone wishing further details or reservations should contact Barbara Barnhart at 275-5107.

Mrs. McMillen has worked over 18 years for the State of Michigan. Her husband, Rex, retired from the Department of Natural Resources on January 3rd this year after 29 years of service with the State.

For many, attending the October Disabled American Veterans' Fall Service Officers' Conference in Northern Michigan will be continuing an annual custom of many years' standing; for others it will represent the first of many in future years, but for all it will offer an opportunity to develop and sharpen the skills of good veterans' service officers.

The comprehensive three-day program, from October 2-4 at the Holiday Inn in Grayling, will afford delegates and guests a chance to work and learn with direction from seasoned professional service officers, VA management personnel, and state veterans officials. Learning techniques developed over 19 years of conference experience have been fine-tuned to bring the most comprehensive presentation of pertinent facts in the least number of hours.

National Commander Sherman Roodzant, of Santa Ana, California, will bring late developments from Washington, D.C. not only on the 1981 comp increases, but also on other pending veterans issues.

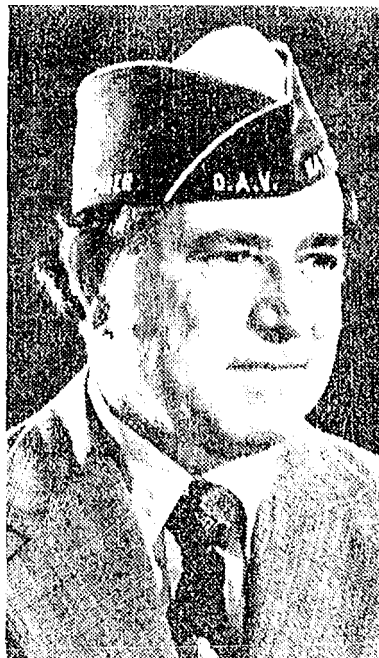

The 35-year-old Vietnam veterans, who saw combat with the famed 127th "Wolfhounds" Regiment of the

4-H Given OK to Use Land At Hanson Hills Rec. Area

By Jon Thompson

The Crawford County 4-H Youth Program has been given permission to use a tract of land at the Hanson Hills Recreation Area and eventually develop county fairgrounds there.

The land - located between the park entrance drive and Pine Knoll Campground - contains the area used previously by a private horse riding business. Ann Stephenson, Crawford County 4-H program assistant, said the 4-Hers would like to begin using the land by building a horse and livestock arena.

"This land will give us a chance to have exhibitions, promote the program, and grow in the county," Stephenson said.

Currently, about 350 kids participate in 4-H activities in the county.

It took a year for 4-H to receive approval from the Hanson Hills Recreation Authority, the state military board, and state attorney general.

"The Recreation Authority gave us their full support and Howard Taylor (the volunteer director of Hanson Hills Recreation Area) really went to bat for

us," Stephenson said.

Stephenson said the land will give the 4-H a chance to show county residents 4-H is much more than a cow and sewing club.

"4-H is involved with hundreds of projects," she said.

"Crawford County doesn't have the agricultural background other areas have so we have a lot of the other programs kids like such as swimming, woodworking, softball, performing arts, indoor gardening, cake decorating, needlecraft, bowling, personal appearance, and Leader Dogs for the

Forestry, Farming in County Receives \$ Boost from EDC

By Jon Thompson

Crawford County began spreading fertilizer - in the form of low finance rates - last week to help forestry and agricultural businesses grow.

The county board of commissioners approved an Economic Development Corporation agricultural and forestry project last Thursday that will allow area businesses in these fields to have their bonds financed at an interest rate 4-6 percent lower than normal.

The lower interest rates are incentives for businesses to acquire machinery, buildings, make restorations, or make other improvements to their businesses. Roy Spangler, MSU cooperative extension director for Crawford and Rosecommon counties said the project will help

keep small businesses independent. They will be able to have their bonds financed through the EDC project and will not have to go to big companies for financial help.

Crawford County Treasurer Joe Wakeley said the EDC project will help businesses financing loans in the \$50,000 to \$100,000 range. The project will last five years and the total amount that can be financed is \$10,000,000.

Spangler said Crawford County does not have too many full-time farmers that can take advantage of the project, but it could help many forestry businesses.

All forestry-related businesses will be eligible - from the woodcutters to a company such as the Frederic Souvenir Works.

In other county news, the board of commissioners approved a six percent raise for Crawford County Public Transit workers beginning October 1, 1981.

Eighteen workers, currently at wages ranging from \$4.30 to \$4.93, will receive the pay hike. CCPT manager Chet Johnston said even with the six percent pay raise,

CCPT wages are below the county workers pay scale. He also said CCPT workers have no fringe benefits and have less holidays off than county workers.

CCPT workers started at minimum wage when the program began and their most recent wage raise was a 10 percent hike last October.

After the commissioner's approved the CCPT workers pay raise, they rescinded an earlier motion giving extra money to district and circuit judges for the county. The commissioners decided to keep about \$5,000 the state reimburses them for paying part of the judges' salaries.

You Should Read This!

by Harrison Goodhue
for American Red Cross

After such a statement you certainly have the right to ask "Why?" and certainly the writer has to justify his request.

In this issue, and the next four, of The Avalanche, under this headline, we propose to prove that it is to your benefit to read what we will say about Red Cross.

Obviously it is October again, and, therefore, the time to raise the money necessary to continue the vital humanitarian services that Red Cross, and only Red Cross, renders the residents of Crawford County, and the residents of all the rest of the Counties in these United States.

Even in the most prosperous times a great Service organization like

American Red Cross has difficulty in raising enough money to properly fulfill its obligations; and, although there is much justified optimism about a better tomorrow for our financially battered economy; and there is every reason to be confident that a President and a Congress are basically united in their determination to put this Nation on the road to a balanced budget and financial stability; it is more necessary than ever in our current economic situation for the Citizens of local communities to understand why they should adequately support American Red Cross financially.

The start of the answer to your "Why?" is an explanation of what Red Cross is and how it began.

First in must be understood that Red Cross is not a

"charity organization" in the conventional sense. It is, instead, a "service organization" dedicated to helping the victims of disaster in times of peace and war.

It began, not in the United States, but in Europe.

It's beginning is due almost entirely to the effect upon one man of exposure to the horrors of war by a freak accident of timing.

In the summer of 1859 a successful and prosperous Swiss business man in his mid 40s by the name of Henri Dunant was travelling in Northern Italy on the commercial affairs of his company.

Italy, at that time, was embroiled in sporadic civil wars between its many dukedoms in its slow struggle for unification as a

Vikings Miss Upset; Lose to Petoskey 18-6

It had to happen sooner or later - Viking quarterback Terry Norman throwing a touchdown pass to his twin brother Jerry. Last Friday, the combination clicked for the first time this year and it was almost enough to pull off an upset of Petoskey.

The final score was 18-6, but the game was much closer. Petoskey scored on its first two possessions to take a 12-0 lead and it looked like the game might be over. That's when the Vikings defense got tough.

Petoskey rolled up 133

yards rushing in the first half but only got 43 yards in the second. With the defense holding tight, the Norman brothers got their act together to put 6 points on the board for the Vikings. The extra point kick went wide.

The Vikings again came back and moved the ball against Petoskey. Behind the running of Ted Methner and the passing of Terry Norman, the Vikings moved the ball down to the Petoskey ten-yard line with 2:30 left in the game. With a third down and one yard to go, the Vikings had two chances to make the first down and go in for the tying touchdown. But disaster struck the green and white as Norman was hit from behind making a reverse hand-off. A Petoskey linebacker picked up the loose ball and rambled 90 yards to make the score 18-6.

The Vikings also had misfortune strike in the first half. Methner - who gained 93 yards in 16 carries - had a 60 yard touchdown run called back on a clip.

"Take away the clip call and the last fumble and we could have won the game 18-12," head coach Bill Klinger said. "It would have been a nice upset over a big school."

Klinger said Bob Keene and Scott Bickman came off the bench to lead the defense after the two early scores. Also having good defensive games were Brad Trenary, Wayne Metzger, Dan Lucksted, Paul Brackenbury, Jamie Radebaugh, and Jeff Kea.

The Vikings drop to 0-1 in the Michigan Huron Shores Conference and 1-2 overall. Petoskey is 1-0 in the conference and 3-0 overall. The Vikings travel to Boyne this Friday.

TERRY TO JERRY EQUALS TD—Terry Norman, the Viking's senior QB, threw a 40-yard touchdown to his twin brother Jerry against Petoskey. Terry, number 7, now has five touchdown passes in three games.

From Our Corner ...

"Blessed are they who have nothing to say and cannot be persuaded to say it..." unknown

Friend Jack Mason dropped off the above quotation Sunday and said here is your column for this week...

Right now we should take Jack's advice...but we have a thing that has bothered us since last week, and we would like to pass on our grass root opinion...

Last week we could hardly believe the headlines we read in the Bay City Times...the first days headline was "Should Hostages get \$1,000 a day", the next day the headline was "Former hostages in Iran may sue for higher taxfree compensation"...

To us the \$1,000 a day is out of the realm of reason, if the government approves this, our question is what are they going to do about the POW's that were held captive during the wars Uncle Sam has been in...

These men deserve as much or more recognition than those held in Iran...these men also were forced into going into the different services, they had no choice...we don't believe the hostages in Iran were forced to go there and work...and we're sure they made more money for working overseas than did the servicemen for serving our country during war time...

A more realistic figure of \$12.50 a day has been recommended to the commission...this tax free benefit would total about \$5,550 for each hostage...this too would be in addition to their regular salaries...

But we agree with Paul Konka, a Vietnam War veteran, whom we quote from the article in the Times...

"Compensation for these or any ex-hostages would be a deliberate slap in the face of the thousands of Vietnam veterans who came home to not bands, parades, free airplane tickets and a White House reception, but...to scorn, derision or simply complete inattention by the citizens they served..."

We have veterans living in Grayling and all through the U.S. who we are sure would be very happy to accept the \$1,000 a day for the time they spent as prisoners of war...

So, if the government decides to give compensation to the hostages, then we feel they should dole out the same amount to all prisoners of war no matter what conflict they served in...

Irvin was servin his first tickets for the athletic fund Monday afternoon and mentioned that two more had been added to the Booster Club Athletic Fund Committee that will make other recommendation on fund raising projects during the coming year...Harry Miller and Mr. Paul Lerg will join Skip Hanson, Tom Trenary, Mike Branch and Irvin...it's a good thing Irvin has a lot of customers, that way he can't hang around us for too long...even though he always has a few choice jokes to tell...

We heard another quote similar to the above..."It is better to keep your mouth shut and let people think you are ignorant, than open it and remove all doubt..."

There is nothing like having to do two things in one day, especially for an ol' fella...last Saturday for instance...we accompanied Thelma to a little gathering at the Holiday Inn of her Class reunion, 40th year that is...we missed the GHS reunion that evening due to the fact we were invited to the wedding of Chris Golsnick and Linda Morell and reception at the Officers Club...we certainly enjoyed ourself at both functions, especially seeing as how there was orange pop at both...

We should have taken Jack's advice...tis all for this week...goodnight T.J., Stef and Amber...to all our readers have a nice weekend...

Earl Gierke is home from his school at McBain, as school there is closed for a couple of weeks for potato digging. He spent the weekend in Chicago.

Mr. and Mrs. Emil Giegling visited relatives at the Canadian Soo over the

weekend.

Mr. and Mrs. William Christenson and daughter Fay, Mr. and Mrs. Frank Serven and Mrs. Hugo Schreiber spent the weekend visiting at the home of Mr. and Mrs. York Edmonds, down the river.

Monday, after school, Mrs. Floyd McClain entertained with a birthday party in order to celebrate the fifth anniversary of her daughter Sally. The afternoon was spent playing games after which the children enjoyed a lovely lunch. Sally was given many lovely little gifts.

Mrs. Harry Souder entertained a number of out-of-town guests at a dinner party Tuesday evening in honor of the birthday anniversary of her son Richard, who is two years old. Those from out-of-town who came for the occasion were Richard's grandparents, Mr. and Mrs. Harry Souder, Sr., of South Branch; Mrs. Elmer Corsaut and Helma, Buddy and Shirley Corsaut of Frederic; and Lewis Stillwagon of Lovells.

Jess Schoonover is displaying a new 1936 Buick. He gave us a ride in it, and even let us drive, and it certainly is a grand car. He is holding an open house and invites everyone in to see it.

Mr. and Mrs. G.D. Vallad are celebrating their fiftieth wedding anniversary with a dinner for the family and immediate friends, Saturday, October 12, at 1 o'clock in the Danebod Hall.

Bird hunting season will open next Tuesday except for duck. Some local authorities say there are a lot of partridge this year and others say they are scarce.

The Bible Speaks

From Calvary Baptist Church

Advantage To The Religious?

Romans 3:1-4

If the religious hypocrite stands just as condemned as the moral man or pagan man, what is the advantage of being religious and going through with religious rituals? "What advantage then hath the Jew? or what profit is there of circumcision?" Romans 3:1. We often hear this question raised today. What good does it do for me to go to church? Why should I be baptized? Can't I worship God just as well in the woods? Can't I be just as alone and close to God in nature as I can in church?

There are many advantages to being identified with God's people. God first committed His Word to the Jews of the Old Testament and the believer/priests in the New Testament churches for preservation, publication and public ministry. "Much every way: chiefly, because that unto them were committed the oracles of God." Romans 3:2. "I Jesus have sent mine angel to testify unto you these things in the churches." Revelation 22:16. "Paul...and all the

brethren which are with me, unto the churches of Galatia." Galatians 1:1. 2. You may learn much about trees in the woods, but the message of the tree of Calvary is committed to the churches.

But doesn't unbelief in God's Word in the churches destroy the faith God's word is intended to promote? "For what if some did not believe? shall their unbelief make the faith of God without effect?" Romans 3:3. The answer comes back loud and clear in the next verse: "God forbid: yea, let God be true, but every man a liar; as it is written, That thou mightest be justified in thy sayings, and mightest overcome when thou art judged." Romans 3:4. Any man who challenges the Bible is a liar. God's Word remains true regardless of how men may try to alter it. Pulpits across America today contain more liars than prophets of God who believe and proclaim all the Bible. The Bible remains the absolute divine authority on earth and will remain the authority which will judge us in eternity.

Attend a church where the Bible is preached as final authority. Ask the preacher if he believes all the chapters and verses in his Bible to be the very Word of God. Just to make sure he really does, ask him if he believes the ministry of Jesus to the woman caught in adultery in John 7:53 to 8:11 to be scripture of God or added words of men? Make sure your church or preacher is not a wolf in sheep's clothing, or a hypocrite to God's Word, the Bible. (adv.)

7th & 8th Graders Play 10-Game Season

The 7th and 8th grade girls basketball teams will play a ten game schedule this year. They play Houghton Lake Wednesday, September 30, in the second game of the year.

The 7th and 8th grade team alternate playing at home and away. Both squads have an "A" team and a "B" team. Home games start at 6:30 p.m. at the middle school with the "B" team playing first.

After Houghton Lake, the middle schoolers take on Gaylord, Boyne City, Kalkaska, Houghton Lake again, Kalkaska again, Gaylord again, Boyne again, and Kalkaska for a third time.

Dial-A-Ride Kirtland Run

A regular bus schedule for Kirtland College has been established by Crawford County Public Transit (Dial-A-Ride). "We have chosen this schedule as the one best suited to the schedules of local students and the college," said Chet Johnston, Crawford County Transportation Coordinator.

"It is very important that those using the service phone our office, 348-5409, in advance and be put on the pickup schedule. Our departure times cannot be delayed," Johnston added.

Doodles From The Tall Timber

Wendell L. Hoover
Park Interpreter

Recently we had a rather unusual visitor to the headquarters area which is not uncommon in this area but, since the headquarters is a good half mile from the nearest water, it is difficult to say what caused it to land here. A Great Blue Heron stands very close to four feet tall and is grayish in color with a yellowish bill.

This bird is more commonly seen standing motionless in the shallow water of a pond, lake or stream where it feeds on small fish, frogs, and even water snakes. The long neck and bill of this bird allow it to make lightning-fast strikes at its food which it seldom misses.

The Heron nests in sometimes large colonies with others of its kind over much of the United States, in Canada, and southward to Panama. Since it feeds primarily on fish, it migrates far enough south to stay where the water remains free of ice.

The three or four pale dull blue eggs require twenty-eight days of incubation, but in northern areas, the young are able to fly by July.

The Heron flies with its neck folded, whereas the Sandhill Crane flies with its neck extended, which is a good identification point when you see one of these long-legged birds in flight. The Heron is not numerous, but it fills a niche in nature's system of checks and balances in the predator-prey relationship.

Bits O'Talk

Kenneth and Cindy Larson Kester are pleased to announce the birth of Krystal Michelle Kester on August 31, 1981, at Warren, Ohio. She weighed 10 lbs. 2 ozs. Grandparents are Ron and Barbara Larson of Grayling and Mr. and Mrs. Herbert Kester of Windham, Ohio. Great grandparents are Mr. and Mrs. Ernie Larson. The Ron Larsons and daughter, Ronda, spent five days visiting the Kesters.

Mr. and Mrs. Art Thayer spent two and one half weeks in Atlanta, Georgia, during September where they went to attend the 35th reunion of her high school club of Flint Northern. Atlanta was the most central location for all members of the club's present locations. They also attended the National Conventional of Fleet Reserves Association and Auxiliary. Weekend before last they spent on Mackinac Island attending the Republican Leadership Conference.

Mr. and Mrs. John Fick visited relatives in Medina, New York, for four days recently.

Mr. and Mrs. Charles Fick spent the weekend in Mt. Pleasant with their daughter and friends, at their apartment, attending the Parent's Weekend at CMU.

Community of Grayling:
The Grayling football players, cheerleaders and coaches would like to give a big Thank You to Dan and Maggie, Chuck Fick, Glen's Market and the Captain for a successful Grayling Football Day. A special Thank You to all the people who stopped in and filled up their tanks to help support our athletic program. It was a nice sight to see so many people stop in and get a chance to visit with the players and coaches. Again thanks to the community of Grayling.

Sincerely,
Grayling Coaching Staff

Notice of Mortgage Foreclosure Sale

Default having been made in the conditions of a certain mortgage made the 17th day of July, 1980, by Victoria Lee Shafley as Mortgagor, to Roscommon State Bank, Roscommon, Michigan Mortgagee, and recorded on the 24th day of July, 1980, in Liber 188 of Mortgages, Page 442-45, in the Office of the Register of Deeds for Crawford County, Michigan; on which Mortgage there is claimed to be due and unpaid at the date of this Notice the sum of Three Thousand Nine Hundred Six and 21/100 (\$3,906.21), plus \$9.18 late fees, plus interest and other allowable costs; no suit or proceeding at law or in equity having been instituted to recover the debt or any part of the debt, secured by said Mortgage, and the power of sale contained in said Mortgage having become operative by reason of such default:

NOW, THEREFORE, Notice is hereby given that on October 29, 1981 (Thursday), at 10:00 o'clock in the forenoon, at the main front door of the Crawford County Courthouse, Grayling, Michigan 49738, that being the place for holding the Circuit Court for said County, there will be offered for sale and sold to the highest bidder at public sale, for the purpose of satisfying the amounts due and unpaid upon said Mortgage, with the interest thereon at fourteen percent (14%), together with the legal costs and charges of sale, provided by law and in said Mortgage, the land and premises in said Mortgage mentioned and described as follows, to wit:

That property located in Crawford County, Township of South Branch, State of Michigan, to wit:

Lots 23 and 24 and the South 231 feet of the East 10 feet of Lots 25, Sleepy Hollow, according to the recorded plat thereof.

The redemption period shall be six (6) months from the date of such sale. Property may be redeemed by paying amount bid at the sale, plus interest thereon at fourteen percent (14%), and any fees, taxes or other unpaid encumbrances on the property from date of sale.

single Nation. Henri Dunant was caught in the village of Serafino where one of the modest battles of that struggle took place between a few thousand soldiers; and, as usual, resulted in many casualties inflicted upon civilians as well as combatants.

The battle lasted but a few hours and the soldiers retired, leaving, again as usual, the dead, dying and mutilated upon the streets of the town in which the fighting took place.

Henri Dunant was appalled at what he saw!

No organized effort was made by either of the military combatants to rescue their casualties or help the unfortunate civilian victims. They were literally left to die unless they could look after themselves!

Henri Dunant was so affected by this mercilessness, that he, after doing what he could at the time to help the victims of the battle; dedicated himself, his fortune, and his future, to doing something to prevent repetition of such awful, horrible conditions.

In the next several years he travelled to the capitols of sixteen European Nations and was eventually successful in having them send representatives to Geneva for a conference to organize an international group to mitigate the horrors of the then conventional treatment of casualties of war.

The convention was successful. The sixteen nations agreed to return to Geneva in 1864 to sign a treaty creating such an international society to achieve these goals.

The treaty was signed in 1864 and became known as the Geneva Convention.

The Swiss flag was a white cross on a red field. To honor Henri Dunant, a Swiss, a reverse of that flag - a red cross on a white field - was adopted as the symbol of the organization - and the International Society of the Red Cross was born!

The United States of America had not been invited to that Convention, but, in the late 1860s, a very determined and spirited American woman by the name of Clara Barton, who had observed the horrors of the battlefields of our Civil War and had begged, borrowed and chiselled money from everyone she could reach in Washington DC to hire wagons, mule teams and drivers, to go into the battlefields after the fighting ended to succor the wounded and mutilated; heard of Henri Dunant's work and went to Europe to investigate.

When she came home she began a campaign to get the United States to join in the Geneva Convention.

She was indefatigable. She never stopped bedevilling every Senator, Congressman, Justice, Cabinet Officer and President throughout the 1870s. Finally, on May 21st 1881 - a hundred years ago this year - and seventeen years after the Geneva Treaty was adopted in Europe - Chester Arthur, then President of the United States, signed the Geneva Convention and the American Red Cross was born.

In that same year Clara Barton undertook the first Red Cross Disaster Assistance action, and it took place in the Thumb area of Michigan near Bad Axe.

Some of you may recall hearing the story. That summer there had been the worst forest fire in our State's history. Millions of acres were burned, whole towns were entirely destroyed, and thousands upon thousands of victims were without food, clothing or shelter.

Clara Barton organized a relief activity and came personally to the Thumb area to supervise. She bought lumber, built housing to shelter people, gave clothing and food to the victims. She spent over \$65,000 in relief assistance, which amount at today's money standards would probably be in the millions, but most importantly, she established a standard of humanitarian services to the American people who were victims of disaster which has endured to this day!

There is an amusing sidelight to that first disaster story. When it was all over there was some lumber left over. There was no real "headquarters" for the fledgling American Red Cross, and Clara Barton virtually had no place to live, and, obviously she was always without funds.

She had the surplus lumber shipped back to Washington DC and managed to get a building constructed on the outskirts. It was the first headquarters of the American Red Cross, and Clara Barton lived in the headquarters. It still exists today, is well preserved as a historical monument, and is affectionately known as "The Clara Barton House".

It wasn't until around the turn of the Century, however, that the current "Charter" of the American Red Cross was passed into law by the Congress of the United States. In that Charter the Congress mandates the American Red Cross to:

1. Provide assistance to members of the Armed Forces of the United States, it's Veterans, and their Families, in time of Peace and War, in every area of their need.

2. To provide Immediate Disaster Assistance to the Victims of Natural of Man-made Disasters in the United States, in the form of food, clothing, shelter and medical care.

3. To take appropriate procedures to "Mitigate" the physical suffering of potential as well as actual victims of Disaster.

And, last, but far from least:

4. To raise the money necessary to achieve such mandated services to the American people by contributions from the general public, as, no federal, state, or local tax funds were to be provided to accomplish these mandated objectives!

And that is how the International Red Cross Society began and how American Red Cross came into being.

Much has changed during the First Hundred Years of American Red Cross Service to the American people, but the fundamental charge upon American Red Cross by the Congress of the United States has not changed.

Service to Military Families and Veterans is still the prime responsibility, but technological progress has made it possible today for any family member in the U.S. to phone the nearest Red Cross Chapter, and in hours an emergency message to a spouse or child at a base in the U.S., or Overseas, or on a Ship at Sea, will be delivered via a Red Cross maintained international communication system based in Washington DC; and there is no charge for that service. The Serviceman or Servicewoman can equally send an emergency message "home" without charge.

Everybody knows that Red Cross is on the scene almost immediately in times of Disaster, whether it is a local home burnout, or a tornado, hurricane or floods affecting multi-state areas.

Most everybody knows of the life saving and life prolonging Service rendered the American people by the non-profit blood collecting and blood re-distribution operations of Red Cross; but did you know that it was American Red Cross Research that developed the techniques and procedures of drawing blood from individuals, processing and storing such blood, and redistributing to hospitals for persons needing such blood for safe surgical procedures?

Nor do many of you recognize that millions of peoples lives have been saved by the trained First Aid, CPR, and Water Life Saving persons who have received instruction from tens of thousands of Volunteer Red Cross Instructors with Red Cross developed training materials as a result of Congress' mandate to American Red Cross to "mitigate" the physical sufferings of the victims of disaster.

And you benefit from all of these humanitarian Services as a resident of Crawford County because a group of unpaid dedicated Volunteers from this Community have banded together to do the physical work necessary to

accomplish these humanitarian services; and another group of Good Neighbors contribute enough money to make it possible for the Volunteers to buy the supplies needed to render the services, and have the funds to give to the victims of disaster to provide them with food, clothing and shelter.

If you have read this far you must recognize that the purpose of this prose is to encourage those who have supported Red Cross financially to continue to do so to the same extent, or hopefully, to an increased extent, in this 1981 October Fund Drive, so the vital humanitarian Services of Red Cross can continue to be available to the folks of Crawford County.

And, even more hopefully, to convince the almost 90% of the families of this community who do not contribute to American Red Cross financially, that if they receive all the benefits of Red Cross "insurance" against disaster, against the need for blood, and so forth; they ought to pay some of the "premium" cost of that insurance - even if it's only a buck!

One hundred ninety four Good Neighbors contributed \$5309 to Red Cross in last year's October Fund Drive. That's an average of \$27.36 per contributor. If each of the approximately 2500 families who did not contribute last year gave just a \$1 apiece this October, they could increase the funds available to render next year's Red Cross Services by one half!

Everyone who contributed to Red Cross last year will receive a letter from Crawford County Chapter/American Red Cross in the next day or two, enclosing a self addressed envelope for convenient return of a check. So will about 1000 other family units who do not regularly contribute to Red Cross, so it is easy to send a dollar, or two or five or ten - whatever YOU think is your "fair share" of the "premium due" for the Services that Red Cross, and only Red Cross, renders you as a resident of this community.

If you don't receive a letter, just mail your check to American Red Cross, RR 2, Box 2515, Grayling 49738, and become a Good Neighbor!

If you still don't feel Red Cross Services benefit you and your family, please read next week's article which details Red Cross Services to the men and women of the Armed Forces of the United States, their Families and Veterans.

It might just change your mind.

Up to \$2,000 TAX FREE Interest

**The New First Savings All Savers
Certificate. Just In Time for Times
Like These.**

Beginning Oct. 1, First Savings will offer a revolutionary new savings certificate which will yield a higher rate of return plus tax free interest.

Here are some questions and answers that should help you better understand this new savings certificate.

Q. WHAT ARE THE MOST IMPORTANT FEATURES OF THE NEW ALL SAVERS CERTIFICATE?

A. It's a one year certificate that pays 70% of the yield on U.S. Treasury Bills and can be purchased in amounts of \$500 or more. The saver can earn \$1,000 interest on a single tax return and \$2,000 on a joint tax return and pay no income tax on that interest income.

Q. WHAT ARE THE ADVANTAGES OF THE ALL SAVERS CERTIFICATE OVER A MONEY MARKET MUTUAL FUND?

A. First, the tax free feature. Second, the fact that the rate is guaranteed for a year. (Money Market Funds rates fluctuate daily. If interest rates go down, money market funds will drop sharply.) Third, All Savers Certificates are insured to \$100,000 by the FSLIC. Money Market Mutual Funds aren't. In addition, First Savings All Savers Certificates can be purchased for \$500, less than it takes to get into most Money Market Funds.

Q. HOW DOES THE TAX FREE FEATURE WORK?

A. During the time the All Savers Certificate is available from October 1, 1981 through December 31, 1982, you can earn \$1,000 tax free interest on a single return and \$2,000 on a joint return regardless of which year or years you take the exclusion or the number of certificates you have. It is a one-time only exclusion. Any interest earned above these figures is taxable.

Q. CAN FUNDS CURRENTLY INVESTED IN A 6 MONTH MONEY MARKET CERTIFICATE BE TRANSFERRED INTO THE NEW ALL SAVERS CERTIFICATE?

A. Yes. And the interest penalty usually imposed for early withdrawal is waived so you will experience no loss of earnings by making the transfer.

Q. WHAT IS THE MAIN ATTRACTION OF THE TAX FREE FEATURE OF THE ASC?

A. For many savers in the middle income tax brackets and above the ASC's tax free yield will be higher than the after tax return available in the market place.

Q. WHAT ABOUT SAVERS WHO AREN'T IN HIGH TAX BRACKETS?

A. They profit, too, because the ASC provides a good one year return for a low minimum deposit.

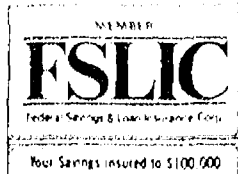

Q. O.K. BUT THERE HAS TO BE A CATCH SOMEWHERE* - WHAT IS IT?

A. It's not really a catch, but if any portion of the certificate is withdrawn early, you lose the tax exemption on all the interest earned so it is important to leave your ASC funds on deposit for the full term of the certificate.

There is also a penalty of three months loss of interest for early withdrawal on one year certificates.

**ALL SAVERS CERTIFICATES WILL BE AVAILABLE
FROM OCT. 1, 1981 THROUGH DEC. 31, 1982.**

Happy Birthday to our Senior Citizen Margaret Barnes Oct. 3rd, Otto Mehlhorn Oct. 4th, Jennie Jungman and Mary Skinner the 7th.

The community wishes to extend their sympathy to the family of Arlene Kesby. Arlene was the former Frederic news reporter, having to give up due to being confined to her bed most of the time.

The funeral dinner committee wishes to express their thanks and cooperation for food, money and helpers. Also a while back more silverware was needed, some we received, and coupons that were given at Midway and thanks to Hobby Club along with some money in memory of Kenneth Burkardt nine place setting was bought.

The Frederic Fire Dept. reports 1 ambulance call and no fires. Please remember to start checking your fireplace and wood stove, getting it ready for the cold nights to come, seem we sure are getting some now, so let's take care and hopefully keep our no fire report.

Ray and Vi Middleton have returned from a trip to King, North Carolina, where they attended Rays Army Reunion. Then they went to Boykins, Virginia to see Vi's cousins, the Roger Skippers. They went through the capital building in Richmond and then went to the International Festival. They stopped at their son's, the Tom Middletons of Saginaw on the way home and brought their grandson Melvin home with them for a few days.

Vi Middleton went to Mt. Pleasant on Saturday to attend the Central Michigan Football game. It was Parents Day. She took Lou out to lunch before the game.

The Tom Middletons were up last weekend. Tom had guard duty.

The Frederic Homecoming is out of debt, thanks to the Hobby Club Ladies.

Hi Kids well lets hope for a nice day this coming Saturday, October 3rd. Are you ready you should be for the "Wheels for Life" Bike-A-Thon. Have you got your pledge for the miles you'll be riding. If any of your friends don't have a bike maybe you can loan yours for awhile so he can feel good in taking part in the Ride Against Childhood Cancer. Remember the prizes to be given, and refreshment for the riders. So get a good rest and come and have fun. Reaction Mixed To Milliken Economic Proposals

Warren M. Hoyt, Executive Director, MPA

Governor William G. Milliken's special message to the Legislature drew mixed and restrained reaction from legislature leaders and some labor leaders.

Local government spokesman, meanwhile, were the most critical and business representatives heaped praise on the proposals.

The governor, speaking before an unusual joint convention of the Legislature as the fall session opened, offered a yearly \$300 million economic stimulus package, coupled with a three-year property tax reduction totalling \$1.2 billion.

Milliken asked the legislature to solve in about 90 days problems in workers' and unemployment compensation that have been stalemated for years.

"I am absolutely determined that Michigan will emerge from this fall session in a position to compete across this country and across the world. Anything less is unacceptable," he said.

The governor placed primary emphasis on the workers' compensation system where many changes negotiated last December are scheduled to take effect January, 1982.

His proposals for workers' compensation changes account for about \$100 million of the \$300 million in business breaks, and compares to proposals by legislative Democrats to save businesses about \$200 million through changes in the insurance regulations.

Unemployment compensation changes would save \$99.8 million a year and single business tax changes would save businesses \$105 million a year, with all the figures calculated for calendar year 1982.

Other economic proposals include a \$10 to \$12 million a year promotional effort, a development fund to provide business capital and a \$25 million high technology fund.

The property tax plan would provide an eventual tax cut of 20 percent for residential and agricultural property.

House Speaker Bobby Crim (D-Davison) said the tone and rhetoric of Milliken's speech was good and there were areas left open for compromise. He added, however, he wished the governor would have been more specific on areas of the

state budget that could be cut to provide the tax changes.

Rep. William Ryan (D-Detroit), chairman of the House Taxation Committee, said Democrats were unenthusiastic about the speech because it was quite imbalanced.

"The only real burdens were put on the workers who have been the victims of the recession," Ryan said. "They are the ones who will have to pick up the taxes that businesses will be spared."

Senate reaction was generally negative, but as expected, favorable comments came from members of the Republican caucus.

Senate Minority Leader Robert VanderLaan (R-Kentwood) praised the governor for presenting "specific" proposals that get "right to the heart" of Michigan's economic problems. VanderLaan said he believed the governor would act as the needed catalyst to accomplish his goals.

Senate Majority Leader William Faust (D-Westland), however, said most of the proposals have been before the Legislature during the past several years. He said the only difference this time is the fact the governor is expressing a willingness to work with the Legislature.

Frank Garrison of the United Auto Workers, expressed outright opposition to portions of the plan. "We're going to analyze this carefully. He (the governor) is still dealing with perception more than anything and it is perception he has helped create," Garrison warned.

Both James Barrett of the Michigan State Chamber of Commerce and John Thodis of the Michigan Manufacturers Association expressed optimism over the proposals. They both said the governor has offered a significant economic recovery package.

Regardless of the reactions of legislative leaders and representatives from special interest groups, all agree something must be done during the fall session of the Legislature.

The tone is now set. When history records this period, this should prove to be the most valuable working session for the membership. It is all important for the future of Michigan as a place to live and work.

Chris Clover Corner

By Sue Louchart

Hi! I'm Chris Clover here with news from the Crawford County 4-H Clubs.

Next week is National 4-H Week by proclamation of the President. Many of the clubs are busy making posters about their club activities and have ideas for doing community service projects during the week.

Clubs are busy setting their goals for the new year with new projects. Some of the clubs have full memberships with waiting lists like the swimming or you need to own a horse for the Horse Club. The clubs organized with the most openings are the following:

Forestry Career Program-Youths 15 and up interested in the recreational to the manufacture of forestry products will enjoy on hand training combined with workshops.

Challenge-This club is about all the facts of outdoor survival. The leader is a certified Challenge instructor who has been thru the experience himself. Only five teens ages 15 and up so hurry and call.

Woodworking - Open to all ages from 10 years up but 8 and 9 year olds will be considered based on their background knowledge. Learn to master all the small tools from saws to hammers and screwdrivers. Build your own bird house, stool and more.

Cake Decorating/Indoor Gardening - Make beautiful frosted cakes or if you prefer to learn how to grow flowers, vegetables or herbs right in your own home during the long winter months. Combine both or only one if that is your interest.

Trail Bikes - If you like to ride bikes, learn to care for and maintain them and would like to go on trail rides, cross country rides and have contests this is your club.

Personal Appearance-This active club is busy with modeling and makeup as well as with personal grooming. This club is helping the young people acquire the life skills which is one of the goals of 4-H.

The Performing Arts program for the older youth of ages 13 and up meets with groups from Crawford, Gladwin, Clare and Roscommon counties with resource people in a variety of per-

forming arts from the dance and drama to vocal music. From these groups tryouts for the State 4-H Performing Arts Troupe will be formed who travel all over Michigan and surrounding states.

For the younger 4-H'er ages 8 to 13, there is a Performing Arts Program to help them gain experience in singing, dance routines, skits and performing to others. If you like to sing or have that little bit of ham in you then here is a group for you.

Leader Dog - Nancy Hatfield has only a few puppies left for 4-H'ers to raise for the Leader Dog School at Rochester. You keep the dog at your home, meet with the club on a weekly basis to learn how to raise and train the dog to lead the blind. So far all the Grayling dogs have been placed with blind people. This club meets on Thursdays.

Cooking Club - This club teaches the basics of cooking and food preparation. Lots of fun making things and you get to eat your own cooking. This club meets on Wednesdays after school with Jean Nevins.

Needlecraft - Any projects involving the use of needles or hooks can be learned in this club. Embroidery, crewel, hand sewing, machine sewing, counted cross stitch, crocheting, knitting, looms, latch hood and etc. If you have a project you want to do but need help with it, this is your club on Mondays after school with Sue Louchart.

Small Farm Animals - Want to raise your own rabbits or chickens? This club will teach you all you need to know. The leader Kathy Mobarak prefers you keep your pig, chicken, duck, rabbit etc. at home but will keep it at her home if necessary.

The 4-H Program needs more leaders to fill the interests of the youth in Crawford County. Leaders are not expected to know everything about the project they choose, just an interest in youth and a willingness to learn along with them.

If you would like to join one or more of the many clubs or start a new one just call the 4-H Office at 348-5123 and let Ann know. Look for me next week with more news about the clubs and what's new in 4-H. See you!

Vets' Note

The Marine Corps League will have its Field Service Officer Robert R. Boyle, at the Courthouse in Grayling, on October 14 & 28, from 9:00 a.m. to 3:00 p.m.

He will assist veterans, widows of deceased veterans, and their dependents in filing claims with the Veterans Administration, Detroit, Michigan.

Pat Harwood Lovells Open

Sunday, September 20th, 115 enthusiastic golfers met at Wilderness Valley Golf Course to take part in the third annual Patrick Harwood Memorial "Lovells Open". The golfers enthusiasts were somewhat dampened by inclement weather that brought periodic rain showers and afternoon frigid temperatures. Fun was had by all participants and trophy awards and prizes were distributed following golf. Appetites were spurred by the cold weather, however distribution of beverages was considerably lower than past years.

Tom Brogger of Grayling shot a low score of 77, however winners of the tournament figured under the Calloway system were: Paul Rogers, 1st. place; L. Wood, 2nd. place; J. Anderson, 3rd. place; Tom LaMotte of Grayling placed closest to the hole on par No. 3 and earned a trophy, Bill Bradley of downtown had longest drive on No. 18 also collecting a trophy.

Our thoughts went out to our old friend and golfing partner, Pat Harwood, deceased, who we are sure was smiling down on all the golfers and rooting for all.

Appreciation goes to all who made this year's Lovells Open the success it was: Auman's House of Catering, Barb & Warner Cheyne, Bob Spencer, Bruce Armstrong, Bud Jones, Chief Shoppenagons, Dale Gauthier, Dusty Bolton, Ed Costello, Ed Harwood, Fred Schaibly, Gar Edgar, Gerta's Draperies, Hartmans Fly Shop, Jack & Betty's Motor Lodge, Jack Mead, Jim Kinsman, Judge Emil Kraus, Junior Kahler, Lewiston State Bank, Lovells Hardware, Lovells Riverside Tavern, Margie Harwood, Misty's Pine Cafe, Ruth Caid, Sachs Hardware, Woody's Market, Wilderness Valley Golf Course.

Grayling Egg Painter Preserves 2000-Year-Old Custom

By Jon Thompson

If Marge Len, of Grayling, could meet her Ukrainian ancestors of 2000 years ago, she might not be able to talk, read, or write their language, but they would be able to communicate through a common interest - egg painting.

Although the 2000 years have changed nearly every other way of life, the egg painting custom passed on to Len through each generation has remained essentially the same.

"My mother taught all four of her daughters," said Len, a nurse at the Family Practice Clinic in Grayling. "I remember kneeling on a chair watching my mother do it when I was four years old."

The Ukrainian custom of egg painting is a bit more complicated than the American custom of Easter egg painting.

It takes Len about three hours to draw and dye intricate designs on one egg. Once the egg is decorated, the inside is blown out through a tiny hole leaving a surprisingly strong shell.

"They're not as fragile as many people think," said Len dropping one of her beautifully decorated eggs on the carpet to demonstrate. "But I wouldn't recommend dropping them on a floor without carpet," she said as she picked up the undamaged egg.

"They also last a long time," she said. "My mother (Kathryn Len, of Bay City) has an egg that is close to 40 years old."

Len said for the last 12 years she has concentrated on the quality of the egg decorating instead of the number of eggs she decorates. She has been emphasizing intricate, traditional designs. Some of her eggs she said she could never part with because she would be unable to reproduce the design.

The largest job of egg painting Len ever undertook was an Ostrich egg she got from the Detroit zoo. It took her 40 hours to decorate.

Len usually decorates goose eggs but has decorated all kinds, including the small pullet eggs.

Marge does sell some of her eggs although she gives many of them away as presents.

"Because you can draw whatever you want on them, they make beautiful gifts for other occasions besides Easter," she said.

Marge has given them as wedding, baptism, and other congratulations presents. She made a rocker-chair design for a retirement present and she made a special egg for a Detroit Free Press Action Line writer who helped the Len family solve a medical problem concerning Len's nephew.

There are numerous traditional symbols to convey messages on egg shells. Flowers in the egg design mean love, charity, and good will. Evergreen trees mean youth and health, chickens and oak trees mean fertility, and rams, deer, and horses mean wealth and prosperity.

Marge, who moved to Grayling in 1966 from Bay City, has been passing the custom on to dozens of area persons.

"I've taught persons from 9 years old to 63 years old," she said. "I've taught two guys and I taught one woman who had a crippled hand. You should have seen the designs she was making only after one week."

She has also taught egg painting on a Channel 19 public television program and for the Grayling community education program.

"I don't have any children to pass it on to so I'm trying to teach as many other persons as I can," she said.

Par for The Course

by Fay Bovee

Too many activities and damp weather curtailed the last party of the season but in spite of all odds, the committees did a good job of getting about 30 people together for an afternoon of Scrambles on Saturday, September 26 for the closing day. Three teams, two foursomes and one couple came in with a 35 to win low. They were Walt and Marti Nowak and Jim and Marie Wiltse, Hal and Marge Walker and Mo and Jan Henig, and the Chuck Warrens. Evelyn Kent took the closest to the pin on No. 3 and the longest drive on No. 5. Not to be outdone by his wife, George Kent took closest to the pin on No. 8 while Tom Bateman had the longest drive on No. 2. Following golf a Happy Hour was enjoyed and Tom Brogger and his staff put on an extremely sumptuous table of hors d'oeuvres and the Warrens furnished another large quantity of popcorn. The committee in charge of arrangements were Dick and Jean Raab, Jim and Marie Wiltse, and Walt and Marti Nowak.

Tom Brogger thanked everyone for their cooperation for the whole season of golf as well as his board of directors for a successful season.

He also reminded everyone that clubs and shoes and other equipment should be removed from the clubhouse before the closing day of October 18.

Charity Ball a Success

The Mercy Hospital Auxiliary Charity Ball was an enjoyable evening for all who attended. It was held at the Camp Grayling Officers Club on Saturday, September 19, 1981. Music was provided by the "Four Gone Conclusions" of Traverse City.

Norm Lesinski was responsible for the beautiful and delicious Hors d'oeuvre Table that we all enjoyed. Good company and beverages made for an excellent finish. All proceeds will go to the Hospital for the purchase of medical equipment.

Grayling Egg Painter Preserves 2000-Year-Old Custom

By Jon Thompson

If Marge Len, of Grayling, could meet her Ukrainian ancestors of 2000 years ago, she might not be able to talk, read, or write their language, but they would be able to communicate through a common interest - egg painting.

Although the 2000 years have changed nearly every other way of life, the egg painting custom passed on to Len through each generation has remained essentially the same.

"My mother taught all four of her daughters," said Len, a nurse at the Family Practice Clinic in Grayling. "I remember kneeling on a chair watching my mother do it when I was four years old."

The Ukrainian custom of egg painting is a bit more complicated than the American custom of Easter egg painting.

It takes Len about three hours to draw and dye intricate designs on one egg. Once the egg is decorated, the inside is blown out through a tiny hole leaving a surprisingly strong shell.

"They're not as fragile as many people think," said Len dropping one of her beautifully decorated eggs on the carpet to demonstrate. "But I wouldn't recommend dropping them on a floor without carpet," she said as she picked up the undamaged egg.

"They also last a long time," she said. "My mother (Kathryn Len, of Bay City) has an egg that is close to 40 years old."

Len said for the last 12 years she has concentrated on the quality of the egg decorating instead of the number of eggs she decorates. She has been emphasizing intricate, traditional designs. Some of her eggs she said she could never part with because she would be unable to reproduce the design.

The largest job of egg painting Len ever undertook was an Ostrich egg she got from the Detroit zoo. It took her 40 hours to decorate.

Len usually decorates goose eggs but has decorated all kinds, including the small pullet eggs.

Marge does sell some of her eggs although she gives many of them away as presents.

"Because you can draw whatever you want on them, they make beautiful gifts for other occasions besides Easter," she said.

Marge has given them as wedding, baptism, and other congratulations presents. She made a rocker-chair design for a retirement present and she made a special egg for a Detroit Free Press Action Line writer who helped the Len family solve a medical problem concerning Len's nephew.

There are numerous traditional symbols to convey messages on egg shells. Flowers in the egg design mean love, charity, and good will. Evergreen trees mean youth and health, chickens and oak trees mean fertility, and rams, deer, and horses mean wealth and prosperity.

Marge, who moved to Grayling in 1966 from Bay City, has been passing the custom on to dozens of area persons.

"I've taught persons from 9 years old to 63 years old," she said. "I've taught two guys and I taught one woman who had a crippled hand. You should have seen the designs she was making only after one week."

She has also taught egg painting on a Channel 19 public television program and for the Grayling community education program.

"I don't have any children to pass it on to so I'm trying to teach as many other persons as I can," she said.

Christmas Bazaar at St. Francis

Just a reminder that you can start your Christmas shopping now and save. Or what about birthdays, anniversaries, thank yous, and just plain "I Care" gifts. They will all be available this weekend at St. Francis Episcopal Church on West M-72.

The hours that you can enjoy browsing and selecting your gifts and the things for yourself are Friday, Oct. 2 from 10 a.m. until 4 p.m., and Saturday, Oct. 3 from 10 a.m. until 1 p.m.

Your selection could include some of the lovely handcrafted items such as toys, knitted items, hand-painted items, counted cross stitch, hand sewn things, specially crafted picture frames, and many novelty treasures you can't find anywhere else. While you are there, don't forget to check the "Bargains Unlimited" table and pick up a sweet treat from the "Pantry Shoppe".

Tickets are still available for our practical drawing. The prizes are (1) \$100 worth of gasoline and (2) \$100 worth of groceries from River Valley Foodland. Tickets are \$1 each or 6 for \$5. The drawing will be held the last hour of the bazaar. You need not be present to win. See any member for tickets.

Don't forget Fri., Oct. 2 and Sat., Oct. 3 at St. Francis for a two day unique shopping opportunity.

CARD OF THANKS

I wish to take this opportunity to thank Drs. Henig, Blaha and Rosi; also the nurses and staff of the North Wing for the very good care I received while I was a patient at Mercy Hospital.

CONCENTRATION—Senior guard Dianne Lee would make any coach happy with the way she concentrates at the free throw line. The Viking girls tangle with Boyne City this Thursday at Boyne and host the Cheboygan Chiefs at home next Tuesday at 6:30.

Girls Win Second in Row at Home

By Jon Thompson

Shelly Trenary only scored two points against Roscommon but they were the two biggest points of the game.

Trenary's solo bucket came with one second left to push the Vikings on top for a 37-35 victory over the traditional rivals. Trenary - the Vikings high scorer in their previous game - came up with the ball following a scramble for it after a jump ball. She turned and shot just before the buzzer and hit nothing but net.

Trenary, joined by a great performance by Jean Stevens, helped give the Vikings their second win in a row at home to even their record at 2-2.

"Stevens played an outstanding game," Viking coach Marilee Cheney said. "She scored 11 points, had 8 steals, and picked up 19 rebounds."

"The key to the game was our defense," Cheney said. "Led by Stevens with 8, the team came up with 16 steals. We've improved our defense."

Cheney also said Trenary played a good defensive game stopping a couple of Roscommon's taller girls.

The Vikings jumped off to a 9-2 first quarter lead and increased it to 17-6 at the half. Roscommon beat the Vikings in the first season encounter at Roscommon and Cheney said the Buck girls may have been overconfident.

"We showed more enthusiasm, hustle, and desire," Cheney said.

Heidi Bendig led the Grayling scoring attack with 12 points. The quick sophomore guard helped lead the fast Vikings down the court on fast breaks. Jenny Riker scored 6 points, had 4 assists, and Cheney said she made a lot of things happen. Dianne Lee also scored 6 points.

The J.V.'s notched another

win 34-18 over Roscommon. Karen Reynolds led the scoring with 10 points. The junior varsity team is 4-0.

Last Tuesday afternoon, September 22, 1981, Mrs. Bovee's fifth grade went to the county library to get books. Mrs. Moore, Mrs. Laundre and Mr. Lobsinger went with us to keep us out of trouble. Mrs. Duley is the librarian. We would like to thank all of them. Written by Mark Hubbard.

Mrs. Bovee's fifth grade class went to the county library. We walked with three adults. One was Mrs. Moore and another was Mr. Tim Lobsinger and our teacher. We went Tuesday, September 22. I thought it was fun. One of the reasons was because the mileage didn't pass so we don't have a library here. Another reason is for fun. Written by Janet Petrosky.

To All The Booster Club Members,

I want to thank you all for the wonderful support of all of the sports programs.

It was a fantastic uplift for all, and is really appreciated. For all these kids and the coaches who all put their heart and souls into practice and playing. I thank you very much.

I know it was a tough, but good decision for the school board to make, but I'm glad they did.

If anyone has green slips from Glen's for the Save-Share Program, I'm sure the program would appreciate it.

Win or Lose, I'm hoping everyone will be out to support JV & Varsity football, and JV & Varsity girls basketball right now.

To The Editor of Crawford Co. Avalanche

Dear Editor,

I feel I have to let the parents of Crawford AuSable School District know what took place on the night of Mon., Sept. 21, 1981 for the Elementary Open House. When I went in, there was a welcome letter passed to everybody coming in the door. I read what was on it and I will repeat a portion of the paper to you. (Our library is open and we invite you to browse through the book selections and A V equipment available for student and teacher use.) When I asked my child where it was in the school she told me there wasn't any this year.

Upon leaving the school, I walked up to the person who was passing out the papers and I asked if he knew what was on the paper and when it was made out. He said it was made on Sept. 21, 1981 and he didn't know what it said.

I suggested that he read it. He did so and then he laughed and said, Oh Well! Most of the people don't read it anyway. The school board is so worried about more money. It seems to me that someone needs to get their facts straight before printing them. These are the people who are dealing with our children everyday.

A Concerned Parent. Name withheld by request.

RESOLUTION CALLING PUBLIC HEARING CONCERNING AN AGRICULTURAL AND FORESTRY ENTERPRISE PROJECT PLAN

County of Crawford, Michigan

Minutes of a Regular meeting of the Board of Commissioners of County of Crawford, Michigan (the "Board"), held on Aug. 27th, 1981, at 9:30 o'clock a.m., Eastern Standard Time.

Present: Members Bidvia, Harland, Kitchen, Mattis, Miller, Neilson, and Nowak.

Absent: None

The following preamble and resolution were offered by Member Nowak and supported by Member Bidvia:

WHEREAS, there exists in the County of Crawford (the "County") a need to promote economic activity in the agricultural and forestry sectors by providing incentives to combat inflation, to reduce energy consumption, to encourage the development of facilities designed to produce energy from renewable resources, to retain the family farm unit, to reduce the rate at which urban sprawl has been devouring productive farm lands, and to provide farmers and foresters with a more favorable export market; all this to be accomplished by reducing costs of production; and

WHEREAS, a program to accomplish said purposes has been initiated by The Economic Development Corporation of the County of Crawford (the "Corporation"); and

WHEREAS, the Corporation in conformity with Act No. 338 Public Acts of Michigan, 1974, as amended ("Act No. 338"), has prepared and submitted a project plan for agricultural and forestry enterprise; and

WHEREAS, pursuant to Act No. 338 it is necessary to hold a public hearing concerning said project plan prior to taking legislative action relating to it;

NOW THEREFORE, BE IT RESOLVED THAT:

1. Pursuant to the aforesaid Act No. 338 the Board shall meet on Sept. 24, 1981, at 2:00 o'clock p.m., at which time it shall conduct a public hearing on the Corporation's submission of the project plan.

2. The Clerk be and is hereby directed to give notice of such public hearing by (1) publishing a notice thereof in the Crawford Co. Avalanche, a newspaper of general circulation in the County; (2) mailing a notice to each unit of government within the County; which notices shall be published and given at least ten (10) full days prior to the date set for said hearing.

3. Said notice shall be in substantially the following form:

OFFICIAL NOTICE TO THE CITIZENS OF THE COUNTY OF CRAWFORD

OF PUBLIC HEARING TO CONSIDER APPROVAL OF A PROJECT PLAN AS SUBMITTED TO THE BOARD OF COMMISSIONERS OF THE COUNTY OF CRAWFORD BY THE ECONOMIC DEVELOPMENT CORPORATION OF THE COUNTY OF CRAWFORD

FOR AN AGRICULTURAL AND FORESTRY ENTERPRISE PROJECT

PLEASE TAKE NOTICE that pursuant to Act 338 of the Public Acts of Michigan of 1974, as amended, The Economic Development Corporation of the County of Crawford has submitted a project plan to the County for its approval.

Said project plan deals with a project intended to reduce costs of production for the agricultural sector of the County by assisting in financing the costs of purchasing, acquiring, constructing, improving, enlarging or repairing necessary buildings, improvements, storage facilities, restorations, machinery, furnishings, leasehold improvements and equipment necessary, suitable, intended for or incident to the conduct of an agricultural or forestry enterprise and details all information required by law relative to said project and its impact on the community. The project will not require the displacement and relocating of any persons. The project area is the County of Crawford and each individual transaction to be financed must be within the County.

The Board of Commissioners will meet at 2:00 o'clock p.m., Eastern Standard Time, on Thursday, the 24th day of Sept., 1981, at the County Building located at Grayling, Michigan, and will conduct a public hearing on the advisability of approving by resolution the project plan.

The Board of Commissioners may approve, modify or reject said project plan.

THIS NOTICE is given pursuant to the requirements of Sections 10 and 17 of Act No. 338, Public Acts of Michigan, 1974, as amended. Further information including a description of the proposed project plan is available for public inspection at the County Clerk's office.

All interested citizens are encouraged and will be offered an opportunity at said hearing to address the Board of Commissioners concerning any aspect of said project plan.

Leo E. Lovely, County Clerk

4. The Board of Commissioners does hereby determine that the foregoing form of notice and the manner of publication directed is adequate notice to the citizens of the County and is well calculated to inform them of the intention of the Board of Commissioners to hold a public hearing and the purpose of the public hearing.

5. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution be and the same hereby are rescinded.

Ayes: All
Nays: None

RESOLUTION DECLARED ADOPTED.

Township of Lovells

Ordinance No. 9/8/81

An ordinance to provide for control of installation procedures for mobile homes within the Township of Lovells and to repeal any ordinance or parts of Township ordinances in conflict herewith.

Section I - Name

This ordinance shall be known and cited as the Lovells Township Mobile Home Ordinance.

Section II - Purpose

The purpose of this ordinance is to establish minimum standards for the installation of mobile homes within the Township jurisdiction. Standards which exceed these minimums may be utilized at the discretion of the individual mobile home owner.

Section III - Definitions

(a) "Anchoring equipment" means straps, cables, turnbuckles, chains, including tension devices, or other securing devices which are used with ties to secure a mobile home to ground anchors.

(b) "Anchoring system" means a combination of ties, anchoring equipment and ground anchors, that will, when properly installed, resist movement of an implaced mobile home caused by wind forces.

(c) "Cap" means a solid concrete block, solid wood block, or solid steel plate which is placed on top of the pillar covering the width and length of the pillar.

(d) "Foundation" means the base upon which a mobile home rests.

(e) "Ground Anchor" means any device designed to transfer the mobile home anchoring load to the ground.

(f) "Installation" means the process of mounting the mobile home on a foundation. It includes the initial acts of jacking up the mobile home, leveling and connecting utilities and the attachments of skirting, expandos, cabanas, carports, any device relating to barrier free design and other fixtures to the mobile home pursuant to a signed work order.

(g) "Pillar" means the portion of the mobile home support system between the platform and the mobile home frame, exclusive of caps and shims.

(h) "Platform" means a 16 inch by 16 inch by 4 inch solid concrete block that is placed directly on the ground and serves as the foundation of a pillar. As an alternative, 2 8 inch by 16 inch by 4 inch solid concrete blocks may be used as platforms if the joint between the blocks is parallel to the steel I beam frame.

(i) "Shim" means a wooden wedge with a 1 inch maximum thickness and not less than 4 inches wide and 6 inches long which, when driven in tightly in pairs between the cap and the mobile home frame, acts as a leveling and stabilizing device.

PUBLIC RELEASE

The Crawford AuSable School District today announced its policy for Free Meals and Free (Local School Food Authority)

Milk or Reduced-Price Meals, for children unable to pay the full price of meals and milk served under the National School Lunch, School Breakfast, Special Milk Program, and U.S.D.A. Donated Foods Programs.

Local school officials have adopted the following family size and income criteria for determining eligibility.

TOTAL FAMILY SIZE	A. SCALE FOR FREE MEALS AND FREE MILK	B. SCALE FOR REDUCED-PRICE MEALS
1	5,600	7,970
2	7,400	10,520
3	9,190	13,080
4	10,990	15,530
5	12,780	18,190
6	14,570	20,740
7	16,370	23,290
8	18,160	25,840
Each additional family member	1,790	2,550

Children from families whose income is at or below the levels shown are eligible for free meals or reduced-price meals.

Application forms are being sent to all homes in a letter to parents. Additional copies are available at the principal's office in each school. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted at any time during the year.

To discourage the possibility of misrepresentation, the application forms contain a statement above the space of signature certifying that all information furnished in the application is true and correct. An additional statement is added to warn that the application is being made in connection with the receipt of Federal funds, that school officials may, for cause, verify the information in the application, and that deliberate misrepresentation of information may subject the applicant to prosecution under applicable State and criminal statutes.

In certain cases, foster children are also eligible for these benefits. If a family has foster children living with them and wishes to apply for such meals for them, it should contact the school.

Children of unemployed parents may qualify for free or reduced price meals if total family income include welfare payments, unemployment compensation and sub-pay benefits fall within the prescribed family income guidelines.

In the operation of child feeding programs, no child will be discriminated against because of race, sex, creed, color, or national origin.

Volunteer

Aide Program

The Crawford AuSable School District is once again looking for volunteers to help in the Grayling Elementary School.

Volunteers can be men and women of all ages, from all walks of life, who are willing to serve on a regular basis. The only requirement a volunteer needs is a desire to help and a few hours each week or month.

Why are Volunteers Important?

Volunteers are playing an increasingly vital role in the whole education picture. Because

...Volunteers improve instruction by permitting more individual help to students under the direction of a teacher.

...Volunteers increase school/community relations by bringing more adults from the community to the children, to show relevance of their education.

...Volunteers enrich curriculum by adding the experience of the volunteers' special interests, hobbies and avocations to the knowledge of the classroom teachers.

What are the Rewards?

Volunteers meet new friends, learn new skills and receive the joy of serving others!

What Tasks do Volunteers Perform?

Volunteers are needed to: ...Assist in the classroom under the direction of a classroom teacher.

...Tutoring remedial reading students under the direction of the remedial reading teacher.

Serve as especially busy day aides for Vision & Hearing Screening, Pre-school testing and a variety of special activity days.

...As lunchroom aides to assist with seating and other lunch time problems such as stubborn milk cartons, too tight thermos bottles and any number of spills.

If you have some time to share and are interested in joining the "education team" call Nancy Baldwin at 348-7641 ext. 52. Why not call TODAY?

What To Do With

Green Tomatoes

Gail Edwards,
Extension Home Economist

What do you do when your garden is knee-deep in green tomatoes and the weather forecast calls for frost? You can cover the plants and hope for the best. Or you can pick the tomatoes, ripen them indoors or process them into a number of tasty relishes and other goodies.

Extension food specialists at Michigan State University say even tomatoes that are hit by a light frost should ripen satisfactorily if they're wrapped in newspaper and kept at room temperature or a little cooler. Tomatoes hit by a heavy frost should be used at once. They will not ripen and they will deteriorate rapidly.

Green tomatoes can be sliced and fried or sliced and frozen for frying later. They can also be pickled or chopped and made into relish, mincemeat and marmalade. For the truly adventurous, there's green tomato pie.

Green Tomato Pie

4 cups peeled, sliced green tomatoes
1 tbsp. lemon juice
1 1/4 cups white or brown sugar
5 tbsp. flour
1/4 tsp. salt
1/2 tsp. ground cinnamon
1/8 tsp. ground nutmeg
2 tbsp. butter or oleo
Pastry for 2-crust 9-inch pie
Use green tomatoes of mature size. Dip into boiling water to loosen skins, then peel and core. Cut tomatoes into 1/4 inch slices. Sprinkle with lemon juice. Combine sugar, flour, salt and spices; mix with the tomato slices. Line a 9-inch pie plate with pastry. Fill with tomato mixture; dot with butter. Adjust top crust, cutting slits for steam to escape; seal. Bake at 450° for 15 minutes, reduce heat to 350° and bake 30 minutes longer.

NOW, THEREFORE, by virtue of the terms of the said Default Judgment, and pursuant to the statute of the State of Michigan in such case made and provided, NOTICE IS HEREBY GIVEN that, on the 28th day of October, 1981, at 11 o'clock a.m., said Default Judgment will be enforced at a sale at public auction to the highest bidder, at the main front door of the Courthouse in the City of Grayling, Crawford County, Mich., that being the building where the Circuit Court for the County of Crawford is held, of the premises described in said Default Judgment, or so much thereof as may be necessary to pay the amount due on said Default Judgment, with interest at the rate of Twelve (12%) percent per annum, and all penalties, interest and costs due thereon, and all legal costs, expenses and charges, including attorney fees, allowed by law, and also any sums which may be paid by the undersigned to protect his interest in the premises, which said premises are described as follows:

Township of South Branch, County of Crawford, State of Michigan.
Parcel D, also described as a part of the Fractional NW 1/4 of Section 31, T25N, R1W, commencing at the NW 1/4 corner of said Section 31 and running thence S89°34'E on the E & W 1/4-line, 2159.85 feet to the Center of said Section 31; thence N0°50'30"W on the N & S 1/4-line, 638.0 feet to the point of beginning; thence N89°19'30"W, 654.77 feet; thence N0°50'30"W, 667.0 feet; thence S89°19'30"E, 654.77 feet; thence S0°50'30"E, 667.0 feet to the point of beginning. The West Thirty-Three feet (33.0) of said description is restricted for the adjacent half of a Sixty-Six foot (66.0) Private Roadway running North to the Public Road and South to the South boundary of the NW 1/4 of Section 31, T25N, R1W, for the benefit and usage of said grantee, their heirs and assigns forever, and for the benefit and usage of all adjacent owners, their heirs and assigns forever. Said description contains 10.03 acres of land. EXCEPTED from the above description are all oil, gas and other mineral rights, together with the right of ingress and egress for the purpose of prospecting for and mining the same.

The period of redemption expires Six (6) months from the date of the sale. Dated this 1st day of September, 1981.

Compacts Hinder Handicapped

The trend toward smaller cars is making life even harder for people in wheelchairs, say bioengineers. Compact designs are more difficult to get in and out of, to put a wheelchair into, and would be even more cramped when special driving aids such as hand and feet controls are added.

Thurs., Oct. 1, 1981 Notice of Mortgage Sale

Default having been made in the conditions of a certain Mortgage made by Thomas E. Smith, a single man, of Route 1, Box 207, 9061 W. Torch Lake Drive, Rapid City, Michigan, 49676 to American Acceptance Corporation, a Michigan Corporation, of 24469 Greenfield, Southfield, Mi 48075 dated June 30, 1975, and recorded in the office of the Register of Deeds for the County of Crawford and State of Michigan, on July 3, 1975, in Liber 145 of Mortgages, on page 564-566 and the obligation having been accelerated by the assignee of American Acceptance Corporation on which Mortgage there is claimed to be due at the date of this notice, for principal and interest, the sum of Two Hundred Eighty Thousand Seven Hundred Forty Five (\$218,745.00) Dollars, and no proceedings having been instituted to recover the debt now remaining secured by said Mortgage, or any part thereof, whereby the power of sale contained in said Mortgage has become operative.

Now Therefore, Notice is Hereby Given that by virtue of the power of sale contained in said Mortgage and in pursuance of the statute in such case made and provided, the said Mortgage will be foreclosed by a sale of the premises therein described or so much thereof as may be necessary, at public auction, to the highest bidder, at the courthouse in the City of Grayling, and County of Crawford, Michigan, that being the place of holding the Circuit Court in and for said County, on October 29, 1981, at 2:00 o'clock Eastern Standard Time in the afternoon of said day, and said premises will be sold to pay the amount so as aforesaid then due on said Mortgage together with six (6%) per cent interest, legal costs, Attorneys' fees and also any taxes and insurance that said Mortgagee does pay on or prior to the date of said sale; which said premises are described in said Mortgage as follows, to-wit:

Grayling Township Board

Regular Meeting — Sept. 9, 1981

Members Present: J. Bonkowski, E. Gardiner, M. Hallett, B. Sojka (Dep. Clerk), B.J. Fowler.
Members Absent: Elizabeth Wieland, Clerk
Guests Present: Cal and Sue Brenner, Mr. and Mrs. Warren Graham, Augusta Katona, Mr. and Mrs. Floyd Millikin
Meeting was called to order by Supervisor Fowler at 7:30 p.m.

Motion by Bonkowski, supported by Hallett the minutes of the Regular Meeting of August 11, 1981, be approved as written. All ayes. Treasurer's report was given. Motion by Hallett, supported by Bonkowski it be accepted. All ayes.

1. Correspondence was received from Victor Morris requesting either 25 MPH speed limit signs or stop signs on Peninsula Boulevard and Michigan Avenue, McIntyre's Landing. Stop signs would be placed on Peninsula Blvd. at Eagle street westbound and Crawford Ave. eastbound and on Mich. Ave. at Eagle St. westbound and Crawford Ave. eastbound. Fowler met with the Road Comm. They are following up on the request.

2. Also in response to requests from the McIntyre's Landing area, correspondence was received from John Keir reporting that a "Dead End" sign has been installed and a judgement was granted giving easement of way to back lot owners and riparian rights to front lot owners on Portage Lake Drive lying between the west boundary of Mich. Blvd. & the east boundary of Pine Grove Ave. The request to designate Michigan Blvd. as "one way parking only" has been denied. Fowler has asked the decision to be reconsidered because of its being a fire lane.

3. Notification was received from NEMCOG of an organizational meeting to be held on Sept. 9, 1981, to form a Soil Erosion & Sediment Control Association in Northeast Michigan.

4. Correspondence was received from Senator Irwin regarding the apportionment process.

5. Notification was received from the Department of Management & Budget relative to adjustments to the Revenue Sharing distribution. Grayling Township will sustain a loss of \$877.00 in revenues.

6. Correspondence was received from Scio Township concerning the cost to the taxpayer of HB 4250. If passed, the bill would require mailing a Homestead Exemption Refund Certificate directly to the homeowner who then would apply the certificate to his taxes. The late date designated for mailing the certificate & additional monies required for processing are creating opposition to the bill. After discussion, Fowler recommended no action be taken at the local level until after notice is received of any action that might be initiated by the M.T.A.

7. The Crawford County Sheriff Department Activities report for the month of July was received, reviewed & placed on file.

8. Notification was received from Top O'Michigan Rural Electric Co. relative to bi monthly hearings before the Michigan Public Service Comm. for the purpose of considering authorization for Top O'Mich. to reflect in its billings to customers charges or credits for changes in purchased power.

9. Notification was received from the Michigan Public Service Commission relative to public hearings concerning:

1. The application of Michigan Consolidated Gas Company for authorization of a program for the conservation of natural gas.

2. The inquiry, on the Commission's own motion, into certain transactions between Michigan Consolidated Gas Company and American Natural Resources Company and its subsidiaries, and into the proposed divestiture of Michigan Consolidated Gas by American Natural Resources Company.

3. The application of Consumers Power Company for accounting and ratemaking approval of deferred tax accounting for its gas and electric operations.

10. Notification was received from Consumers Power Co. pursuant to a hearing before the Michigan Public Service Commission for the purpose of considering authorization to permit Consumers Power Company to reflect in monthly billings to its customers charges or credits for changes in purchased net interchange power.

11. Cal Brenner of the Lake Margrethe Property Owners Association reported a contribution of \$500.00 to the Grayling Recreation Authority to help defray utility costs of the past season.

12. The appointment of a Cemetery Board Member from Grayling Township was considered by the Board.

Motion by Hallett, supported by Bonkowski to appoint Evelyn Gardiner to serve on the Cemetery Board. All ayes.

13. A revised Cemetery Rate Schedule was reviewed by the Board.

1. Storage Facility

Interment not in Elmwood.....\$25.00

2. Opening and closing.....160.00

Saturday at Time and 1/2.....200.00

3. Sale of Lots (Per Gravesite)

(a) City Residents or taxpayer.....200.00

(b) Grayling Township Residents or taxpayer.....200.00

(c) All other sales.....400.00

4. Baby Section-\$25.00 per grave, \$15.00 per burial, \$15.00 burial fee if interred in owned grave.

5. Cremains-\$25.00 per grave, \$10.00 per burial, if in Cremains Section. \$10.00 burial fee if in owned grave.

Motion by Bonkowski, supported by Gardiner, the Cemetery Rate Schedule be approved. Bonkowski - aye, Gardiner - aye, Hallett - aye, Fowler - aye.

14. A fee for the new Grayling Township Ordinance book was discussed. Fowler said \$3.00 would just recover costs. Motion by Bonkowski, supported by Gardiner to set a fee of \$3.00 per copy for the Grayling Township Ordinance (No. 81-2) book. All ayes.

15. The Salling Lake Dam was discussed. Reports were received & placed on file from the Army Corps of Engineers, Granger Engineering and Robert Chapel on the meeting held on July 23, 1981. Fowler read a letter from Leon Cook of the D.N.R. to the two owners of the dam concerning the requirements for its repair. Discussion occurred among persons present concerning the effects of removing the dam & possible method of funding to retain the dam. Fowler recommended holding a meeting with all property owners affected, with Granger Engineering to continue representing the Township. The meeting would be for a general discussion of whether or not to set up a "Special Assessment District" from Pollack Bridge to the bridge on M-72 W to fund upkeep of the dam with the Township handling the Administration of the dam. The procedural steps would be: (1) a public hearing for authority to allow funds (engineering costs, etc.) for determining what the Township will recommend to the D.N.R. as necessary to maintain dam; (2) reach an agreement with the D.N.R.; (3) second public hearing to present cost to owners. Motion by Hallett, supported by Bonkowski to continue with Granger Engineering through the public hearing. Motion by Hallett, supported by Bonkowski to hold a public hearing on the Salling Lake Dam. All ayes.

16. Following discussion by the Board there was a motion by Hallett, supported by Sojka the Township not enter into a maintenance agreement on the precinct counters. All ayes.

17. A copy of a letter with map from Gary Schmecke to John McGregor, D.N.R. Acting Regional Director, Region II, concerning the channel change on the AuSable River near Beaver Island was received. There has been no action to this point.

18. The Compensation Commission & Planning Commission appointments will be deferred until the October meeting to allow time for publishing the openings in the newspaper.

19. The assessing department report was received. All transfers for documents & address changes are processed & are in excess of prior years.

20. The Building & Zoning report was received, reviewed & placed on file.

21. A report from Cornell Insurance Agency will be presented at the October Board meeting.

22. Fowler reported areas in the Township are being illegally used for dump sites. Bids have been received to clean the sites. Motion by Gardiner, supported by Hallett to accept Floyd Millikin's bid of \$280.00 to cover debris at old No. Down River dump site. All ayes.

23. A one-day special liquor license was requested by the Hospital Auxiliary. Motion by Fowler, supported by Gardiner to grant a one-day liquor license to the Hospital Auxiliary in conjunction with a dance to be held 9/18/81. All ayes.

24. A report by Fowler was given on the fall large appliance clean-up day at the compactor.

25. In response to a request for 2 street lights on I-75 Business Loop North it was moved by Bonkowski, supported by Sojka to hold a public hearing to create a Special Assessment District for street lights on Business Loop I-75 North. All ayes.

26. Following discussion by the Board, Fowler was authorized to contact architects to discuss plans for a Township Hall.

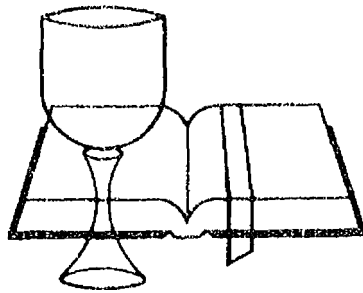

27. Motion by Hallett, supported by Bonkowski the bills as presented on vouchers 5161 through 5186 in the amount of \$3060.36 be approved for payment. Roll Call: All ayes.

28. Motion by Bonkowski, supported by Gardiner the meeting be adjourned. All ayes.

WORLD COMMUNION SUNDAY

The first Sunday in October is a day that unites Christians the world over in the celebration of a cherished Sacrament. Among its many revered names the simplest is *The Lord's Supper*.

It recalls the eve of Christ's crucifixion when in an upper room in Jerusalem he gathered with his disciples to observe the Feast of Passover. As he shared with them bread and wine he spoke of "my body, my blood."

Everywhere on World Communion Sunday the Christians of our own time will be remembering his words... celebrating Holy Communion.

In a world sorely troubled by the divisions of men, cherish this sacred expression of the unity God inspires.

SERVING GRAYLING FOR OVER 55 YEARS

'Just Us' Club Still Together After 48 Years

By Jon Thompson

In 1933, seven girls - all recent graduates of Grayling High School - gathered together one fall day to start a sewing club. Their interest in sewing dropped off after a few years, but the club, called "Just Us," remained. "Being in a sewing club was the thing to do in those days," said Clara Atkinson Sorenson, who joined the club in 1936. "We really did sew for a couple of years."

As their families grew, the club members started meeting for social evenings and other events. They went on canoe trips, held treasure hunts, and enjoyed Christmas dinners. The only thing that remained the same was the friendship among the 10 members.

The ten members of the club have had 36 children and now have 88 grandchildren and two great-grandchildren. Throughout the 48 years, they've included their families in their club activities.

The club is looking forward to celebrating its fiftieth anniversary at a Christmas dinner in 1983.

Women's Club To Meet

The Christian Women's Club of Houghton Lake and the surrounding communities will hold its monthly luncheon at the Holiday Inn of Houghton Lake on Tuesday, October 13, 1981, from 1:00-3:00 p.m.

You are cordially invited to attend this luncheon. There will be designs for harmony by Doris Mainprize. The special feature will be machine stitching by Kay Wood from West Branch. The special speaker will be Marge Flora, a wife of a successful businessman in Bloomfield Hills, Michigan. Marge is a mother and a grandmother and a very challenging speaker.

Editor,
It's three weeks into the school year and sports are going great - but the library is still closed and building trades dropped. I can't help but think about it - No more beautiful homes built with pride by our building trade students. Homes that will last and years from now they can show their grandchildren what they did in school. But it isn't only the building trades that is lost but, also a great instructor, Carl Reynolds. He was more than an instructor, he was also a teacher, father, coach and most of all a friend to every boy he had in class.

My oldest son, John, helped build the first house with Carl, in building trades. And my youngest son, Jason, helped build the last home. I say last because if this is not picked up this year it will be dropped and not picked up again like sports or the library and all for the lack of money. I offered to help raise money, but, no one came forward to help, save one person. HUD program offered to help with a 1/3 but we needed a lot more because it has to continue next year to give more kids a chance.

I agree we need sports, but I believe this program teaches everything sports does, even to preparing and getting them future jobs, but unlike sports we have no game to win just a sense of pride and accomplishment of a job well done and a lasting trophy on display for everyone for a lot of years.

And one other thing, I never saw when I visited the building sites was a kid sitting on a bench longing to help the team because he wasn't good enough - everyone was equal and did their share.

Bless you, Carl Reynolds, for all the beautiful homes you helped our kids to create, to enrich our community, but most of all for being the kind of person you are.
